

Application to register or renew registration for a Class B NSW Fish Receiver *Fisheries Management Act 1994*

Use this form to apply for registration (or to renew your registration) as a Class B NSW Fish Receiver

Do you need to register?

A person or corporation who receives fish, **for resale or other commercial use**, from a NSW commercial fisher (or a person acting on behalf of one) must register unless:

- the fish received have previously been received by a registered fish receiver (first point of sale), or
- the fish are received in the person's capacity as an employee or agent of another fish receiver, or
- the fish are received for the purpose only of transporting them on behalf of the owner of the fish, or
- the fish were taken in the inland restricted fishery by the holder of an endorsed licence, or
- the fish are oysters or aquaculture product.

Why your application may be refused.

The Minister may refuse an application for registration (or renewal of registration) as a fish receiver if:

- the applicant has been convicted of an offence under the Act or regulations made under the Act or of an offence relating to commercial fishing operations under the law of the Commonwealth, another State, a Territory or New Zealand, or
- the applicant has been convicted of an offence relating to the theft of fish, fishing gear, or a boat, or
- the applicant has not paid any fee due and payable in connection with registration as a fish receiver or the application is not otherwise made in accordance with clause 189 of the Fisheries Management (General) Regulation 2019, or
- the Minister is not satisfied that the applicant has any necessary development consent required by the Environmental Planning and Assessment Act 1979 (NSW) to receive fish for resale or other commercial use on the applicant's premises, or
- the Minister is not satisfied that the applicant has the capacity to meet the requirements of the Food Act 2003 (NSW) and the regulations made under that Act or a food safety scheme relating to fish that has been prescribed by regulations under that Act.

Note: under clause 193 of the Fisheries Management (General) Regulation 2019, the Minister may cancel or suspend a registration on the above grounds or where a fish receiver has contravened a condition of his or her registration.

For information on any necessary development consents, contact your local council or planning authority.

For information on the *Food Act 2003 (NSW)* and licensing as a Food Business contact NSW Food Authority at 1300 552 406 or visit <http://www.foodauthority.nsw.gov.au/>.

An Australian Fisheries Management Authority (AFMA) fish receiver permit is required for fish received from certain Commonwealth administered fisheries. Contact AFMA on 1300 723 621 or visit www.afma.gov.au.
